The Fizzy Fuzzy Chronicles is a scripted, narrative audio drama inspired by the album *Fizzy Fuzzy Big & Buzzy* by The Refreshments. This modern mockumentary true crime story blends music and storytelling, unraveling the chaotic love, crime, and betrayals of Jack Trumane, Diane Parker, and their reluctant accomplice, Charlie McGregor.

We are committed to diverse, inclusive casting. For every role, please submit qualified performers without regard to disability, race and ethnicity, age, color, national origin, or any other basis prohibited by law unless otherwise specifically indicated.

[DIANE PARKER] (28, Female) Magnetic and effortlessly reckless. A thrill-seeker with a sharp tongue and a taste for danger. Charismatic and manipulative, she romanticizes chaos and bends the world to her will—until it bends back. Jack’s equal and his downfall. LEAD.

DIANE

Jack always makes himself out to be the victim, doesn't he? Poor Jack, trapped by me, swept up in my chaos like he didn't choose to be there every step of the way. Please. Jack didn't *have* to follow me into that bar. He didn't *have* to stay when I started flipping that coin and playing games with the bartender. But he did. He always does. Because Jack loves the chaos just as much as I do—he just hates admitting it. So yeah, I grabbed the cash. And yeah, I smiled when the bartender caught me. But it wasn't about the money—it was about the thrill. The spark. Because that's what I do. I keep things alive. Even when it means leaving a little destruction in my wake.
